What is your financial fee structure?

As part of detailed financial advice and financial services, there are costs to you at various stages of the process. Before making any recommendations, we will discuss and agree the fees with you.

Advice Fees

For having a personalised financial plan (SoA) prepared, a plan preparation fee (up to \$15,000) is payable. The actual fee will depend on the complexity of your situation and the time it takes to prepare personal financial advice for you. Advice Fees will be detailed in full in your SOA or ROA.

Implementation Fees

We may charge fees for the implementation of our advice or for arranging transactions on your behalf without advice (such as when we provide an 'execution only' service). Implementation Fees are based on your individual circumstances, the complexity involved in your situation and the value of your portfolio. The Implementation Fees will generally be between 1% and 3% (incl. GST) of the value of the funds under advice and will be charged after we provide our implementation or transaction services. We will discuss these fees with you and gain your agreement to the fees before we provide you with our services. Implementation Fees will be detailed in full in your SOA or ROA.

The actual fee will depend on the complexity of your situation and the amount of funds invested, but will not exceed:

- a. a range from \$550 (min) to \$2,200 (max); or
 - b. \$300 per hour; or
 - c. 3% of the initial funds invested, or
 - d. the maximum of entry fees or contribution fees specified in the Product Disclosure Statement (PDS) for the recommended product;
- whichever is the greater.

Ongoing Advice Fees

We may charge a fee to provide ongoing portfolio reviews and/or for the provision of ongoing services. The Ongoing Advice Fee will generally be between .5 % and 1.5% per annum (incl. GST) of the value of the funds under advice and will be agreed with you if you decide to use our Ongoing Advice Service. You may choose to pay the Ongoing Advice Fee annually or monthly.

If you choose to have me provide an ongoing advice service, the actual fee will depend on the complexity of your situation but will not exceed:

- a. A fixed dollar amount of up to \$20,000; or
- b. Up to 2% per annum of funds under management.

We may also receive the following commissions if we provide advice about new or existing life insurance policies. Remuneration in relation to Life Insurance is set out in FSG Part 1.

Infinity Asset Management (only where you are recommended or use this product)

A separate ongoing service fee is charged by IAM in relation to SMA services. This fee is a percentage of your portfolio and generally will not exceed 0.275% p.a. (incl. GST), calculated on the average daily balance for the month of your portfolio. For example, if the average daily balance of your SMA portfolio for each month in a year is \$100,000, you will be charged an amount of up to \$23 for each month, or up to \$275 for the year. This will be in addition to any non-SMA ongoing advice fees.

Ongoing Advice Fees (and ongoing SMA service fees where applicable) will be fully detailed in your Ongoing Service Agreement.
